**NEW Private Charter Company Sets Sail in Annapolis**

*Seas the Bay Sailing to offer private luxury sailing charters aboard 54 foot sailing yacht*

**Annapolis, MD (April XX, 2021)** — Seas the Bay Sailing, LLC (STBS) is pleased to announce they will be offering private sailing cruises in and around Annapolis on the 54 foot sailing yacht, *Southerly*. Starting June 1, 2021, STBS will be offering three-hour luxury private afternoon and sun-set charters aboard the 54 foot Irwin sailing yacht. Owned and operated by husband and wife team Chris Bell and Susan Rosapepe, STBS offers intimate sailing experiences for up to six people. Guests will cruise the Annapolis shoreline and the Severn River while enjoying gourmet appetizers and fine wine or champagne. Specialty cruises are also available by request.

Seas the Bay Sailing is the brain child of Susan, an avid traveler and also the owner of a tour company specializing in trips to Italy, and Chris a passionate sailor with a love of the Bay. With all international travel prohibited and with no idea when it would be allowed, Susan and Chris decided it was time to combine both their talents and in that moment Seas the Bay Sailing was born.

“Being able to combine my love of hospitality and of sailing into Seas the Bay Sailing is a dream come true. I believe everyone deserves to be treated like a VIP and I look to providing that experience here on the Chesapeake Bay,” said Rosapepe.
